Creative, inclusive and exploratory music workshops led by professional musicians with unique skills and training in music education.

Treat your school to one of the following musical workshop options. Creative, inclusive and stimulating workshops led by professional musicians with unique skills and training in music education.

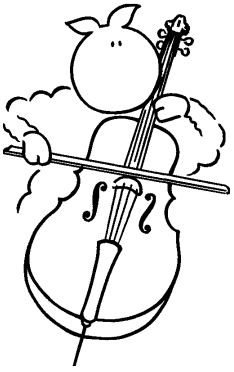

1. Option 1

Introduction to DaCapo

DaCapo half or full day workshops are skillfully structured around musical, educational and child development principles and a generous dose of humour, flexibility and spontaneity. Pupils are expertly introduced to rhythm, pitch, pulse, inner-hearing, moving in time, inventing, conducting and listening. They experience a variety of instruments played live and enjoy hand-on exploration of tuned and untuned percussion. The workshop culminates in a concert performed by the pupils and the school is given CDs, songbooks and tips for music-making to enjoy in the weeks following DaCapo's visit. Our programme is flexible, we have experience working with special needs and are happy to discuss your school's requirements.

Please get in touch for further details, a quote or to discuss what would suit you.

2. Option 2

DaCapo and The Aurora Orchestra - an innovative partnership

Aurora represent good music and passionate, talented musicians. DaCapo is about top quality music education for children and young people. Together we make an extraordinary education team.

We have an exciting series of workshops and projects for schools with diverse collaboration including animation, puppetry and creative listening.

Please see www.auroraorchestra.com for further information or call Aurora (020 8883 1728) or DaCapo (020 8450 1134) to discuss possibilities.
